

# ATREZZO ZSR2.

# **SAILUN** **TYRE**

PIONEERING

## EU Tyre label values

Fuel efficiency: **B**

Wet Grip: **A**

Noise level: **A**

## Dimensions

Tyre width in mm:

**205 - 275**

Tyre cross section:

**30 - 55**

Rim size in inches:

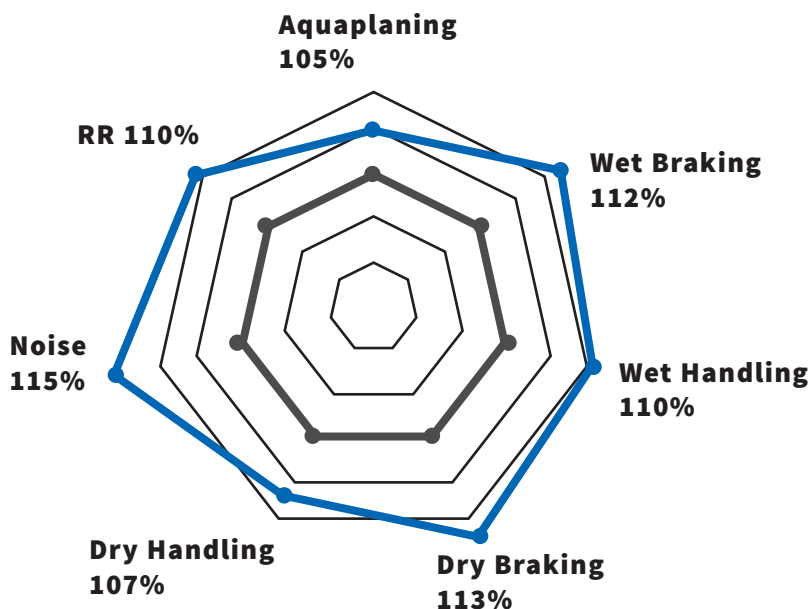

**17 - 20**

Speed symbol:

**W/Y**

## ZSR2 VS TÜV RESULTS COMPARISON

— TÜV — ZSR2

# NEW ZSR2 DELIVERING PREMIUM PERFORMANCE

## **Ecopoint<sup>3</sup> Technology**

Advanced, sustainable compound technology created through the revolutionary process known as “Liquid phase mixing” and designed to improve all three main categories of tyre performance (safety, wear and energy efficiency) compared to traditional tyres without sacrificing other areas of performance.

The new generation **ATREZZO ZSR2** is engineered to deliver precise wet and dry handling performance. With an asymmetrical tread design and enhanced tread rubber formula, **ATREZZO ZSR2** rises to the challenge and provides exceptional performance on the street and on the highway.

- **Pioneering EcoPoint<sup>3</sup>® Technology** - Superior Wet Grip, Rolling Resistance and Wear Abrasion without compromise
- **Innovative tread pattern design** and tyre structure for ultra high performance
- Convex entry ribs and wide water-drain grooves provide optimum hydroplaning resistance - **Wet grip A**
- Maximized road contact area on the outside shoulder ensures outstanding dry grip and **precise sporty handling**
- stress releasing sipes and 3D grooves on the inside tread for enhanced driving comfort and **exceptionally low road noise**

**Tested and certified UHP performance by TÜV Sud.** Sailun **ATREZZO ZSR2** impresses in terms of rolling resistance, wet handling and braking. During the TÜV tests the latest generation of EcoPoint<sup>3</sup> tyres outperformed not only in the area of economy (rolling resistance) but also in wet handling and braking.
